FOREWORD

Down through four years of college life—studies, companions, activities, professors, and fun have colored our experiences and memories. The SPECTRUM comes as a reminder and a final stimulus to the recall of four years of our past.

A light thrown through a crystal prism is scattered into a beautiful Spectrum ray. Our source of light has been the *real, true North Central Spirit* thrown upon four years of our lives. The SPECTRUM rays in their elegant and delicate colors are the things we will carry away from NORTH CENTRAL COLLEGE. They shall be our guiding forces and shall always enrich our experiences. They will show forth their influences in our attitudes toward life and in our attempts to live and work.

DEDICATION

To Dean George John Kirn, M. A., Ph. D., D. D., whose persistent and never dying efforts have stimulated us to tread on, we humbly dedicate this volume of the SPECTRUM.

Dean Kirn represents the True North Central Spirit in every walk of life. He is genuine, sincere, courteous, studious, and extremely modest. He possesses a profound understanding of human problems and especially those of the student. He is always ready with a helping hand and an eager desire to assist.

It is our deepest desire that we may take out into life some of his attitudes, principles and teachings which he has emanated to us through a life lived.

IN MEMORIAM

*"Then shall the dust return to the earth as it was;
And the spirit shall return to God who gave it."*

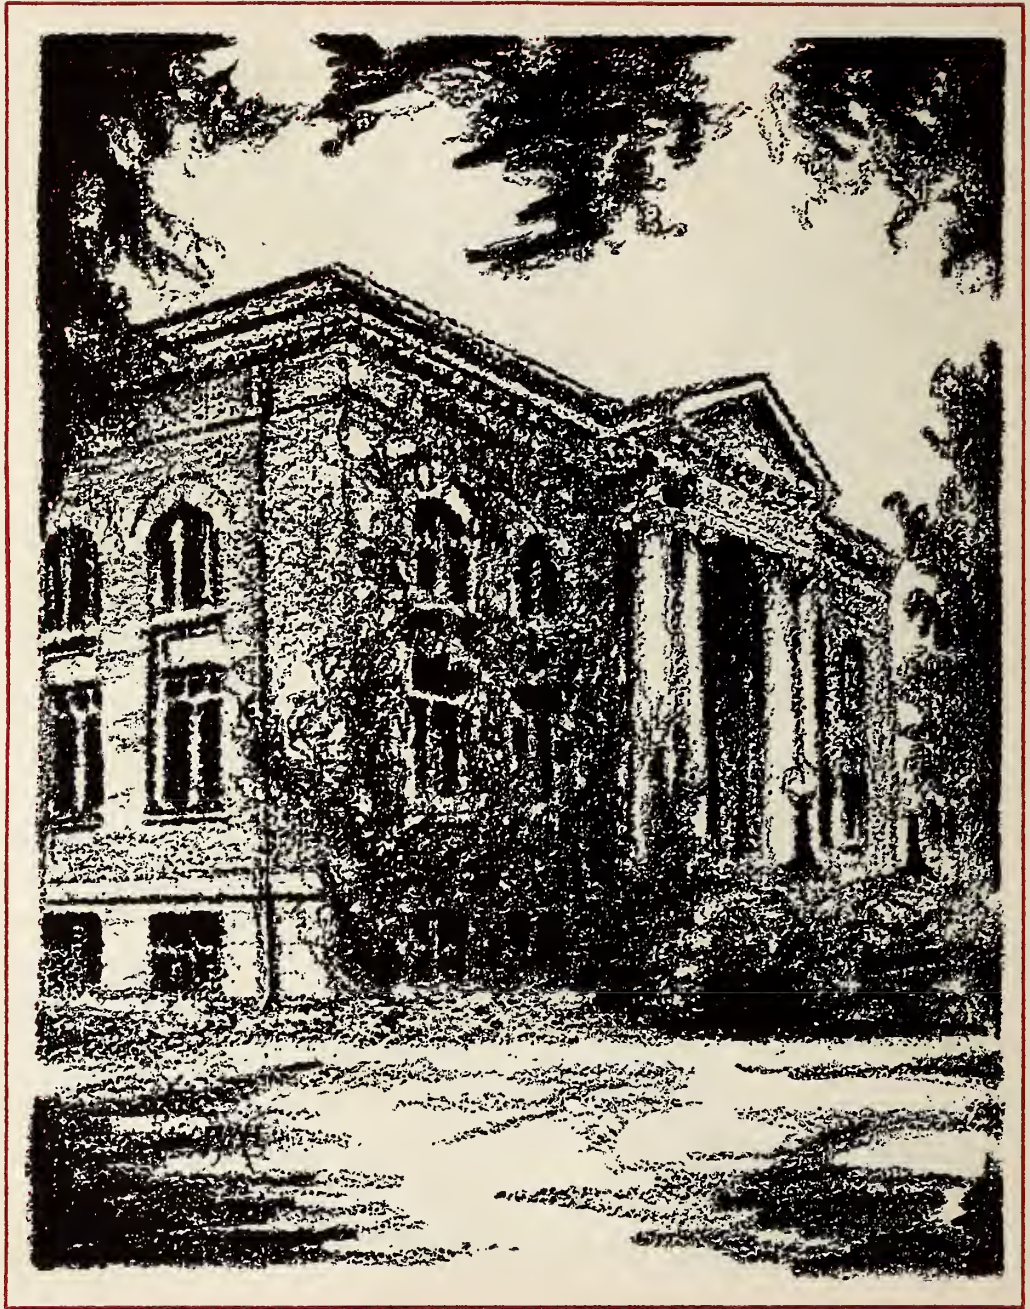

DEAN A. A. KRUG, beloved dean,
minister, and christian
friend.

RALPH FASSINGER, student,
and friend of many.

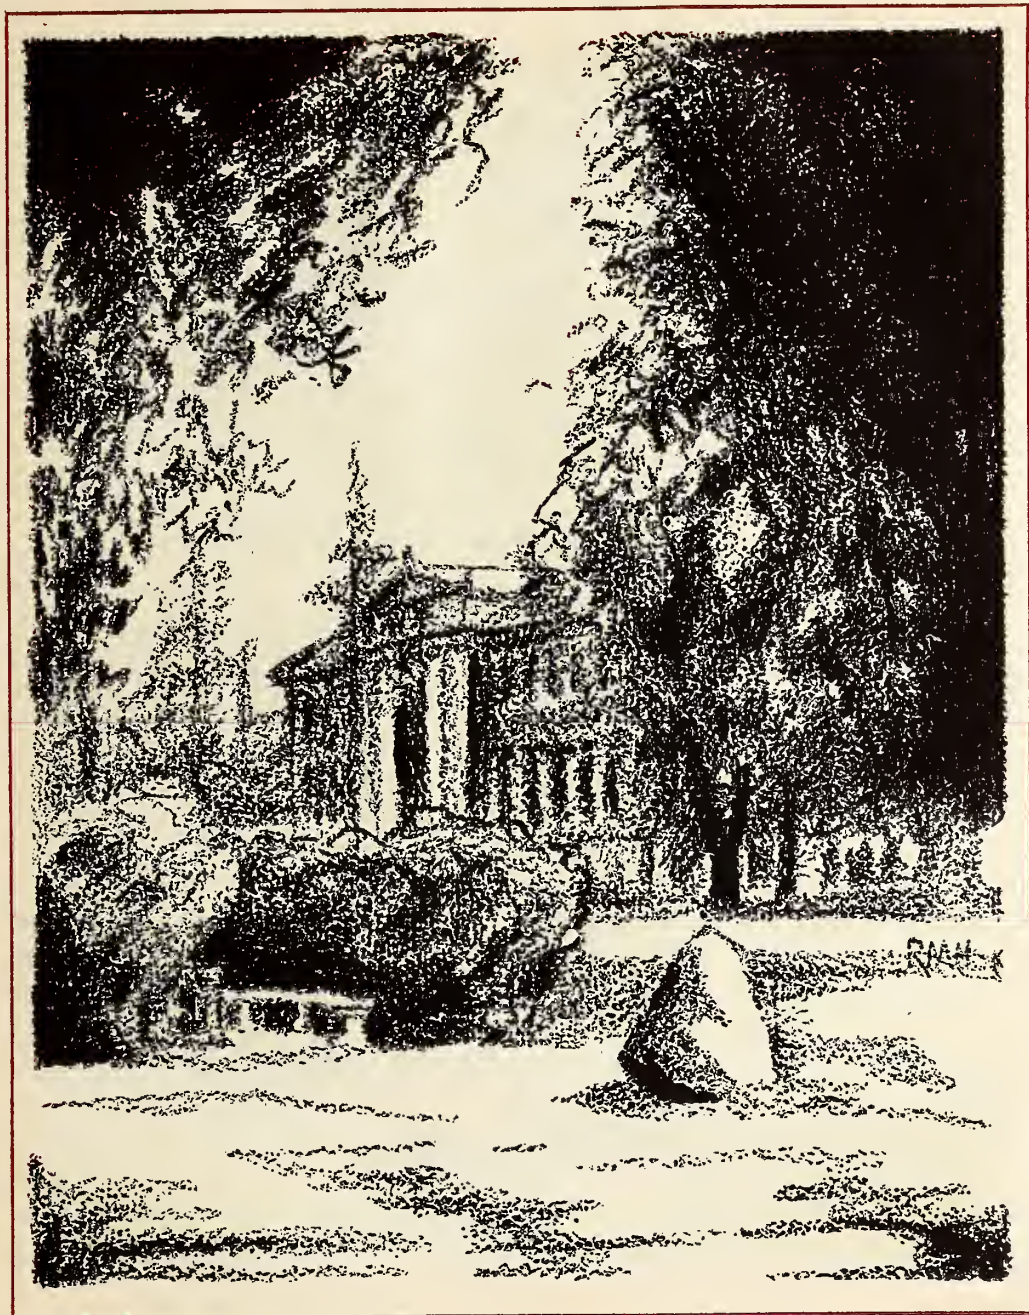

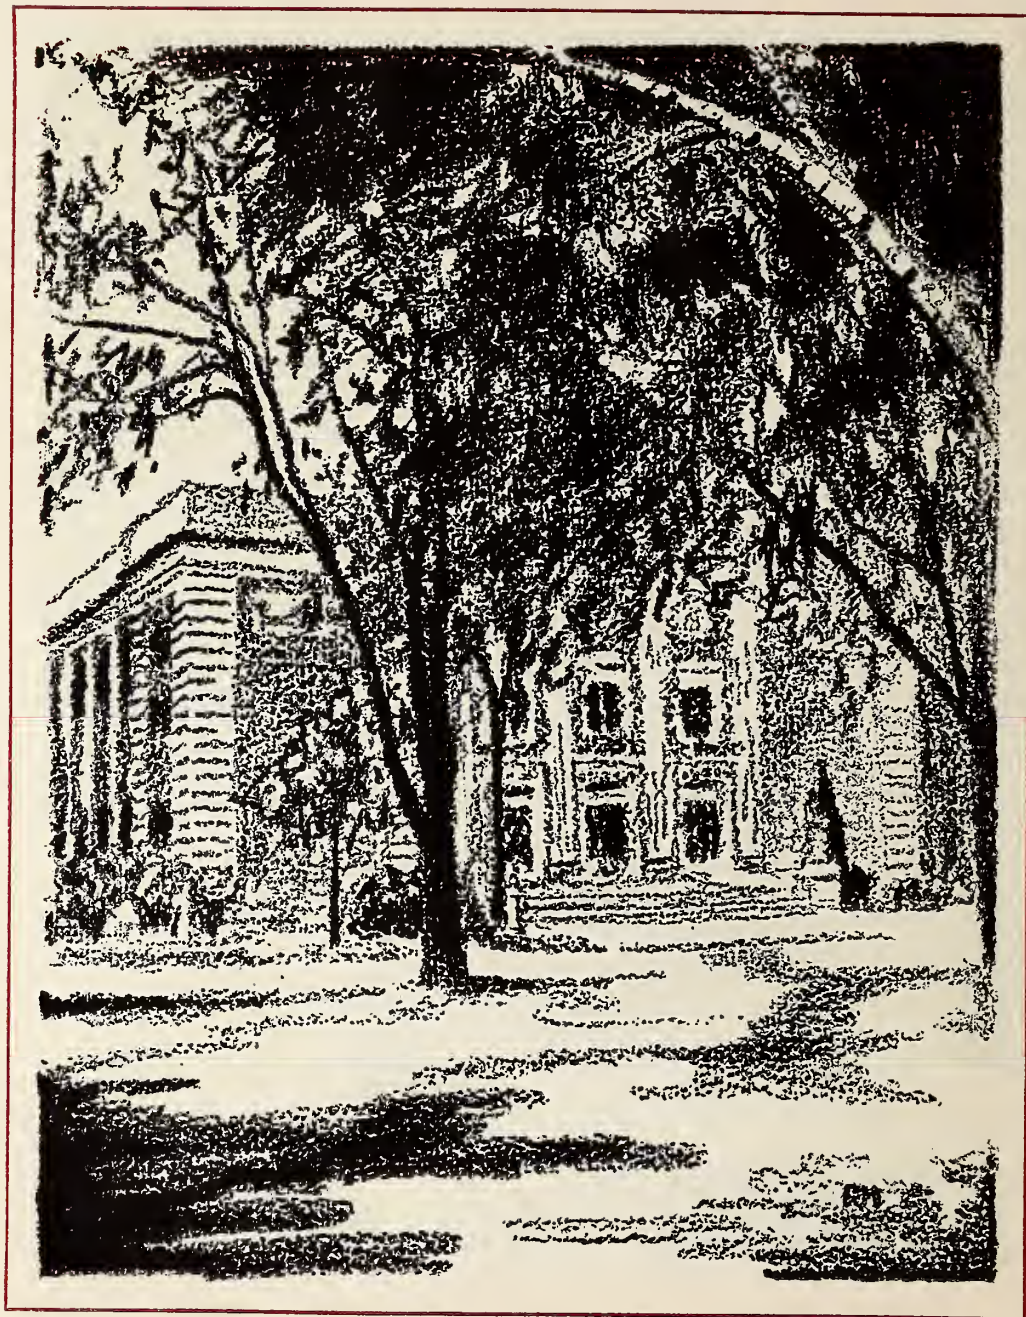

*"In vain we build the world,
Unless the builder also grows."*

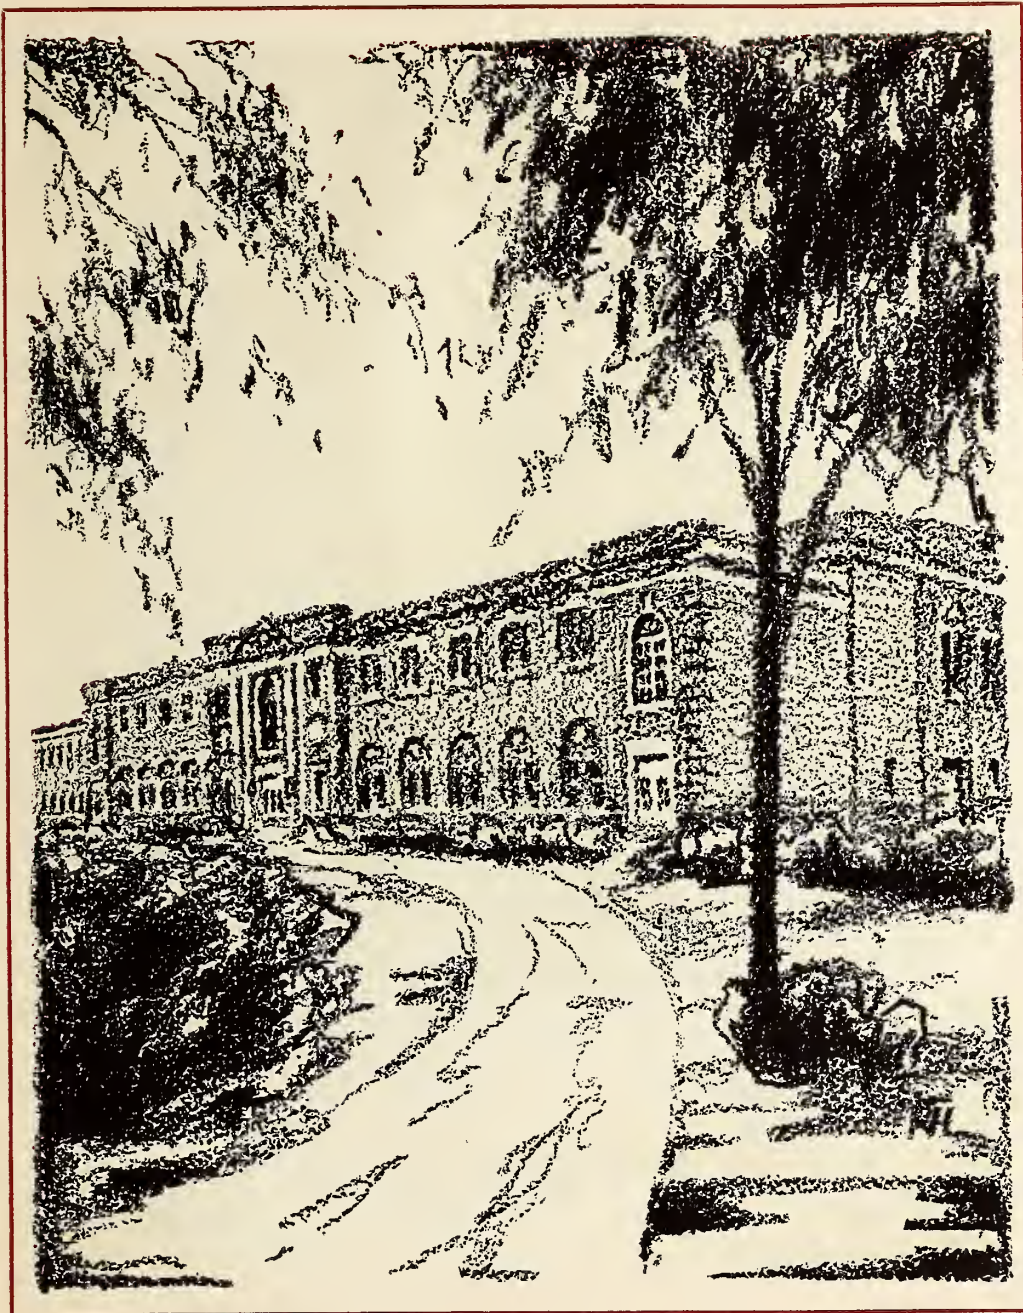

*"Pray thee, take care, that tak'st my book in hand,
To read it well; that is to understand."*

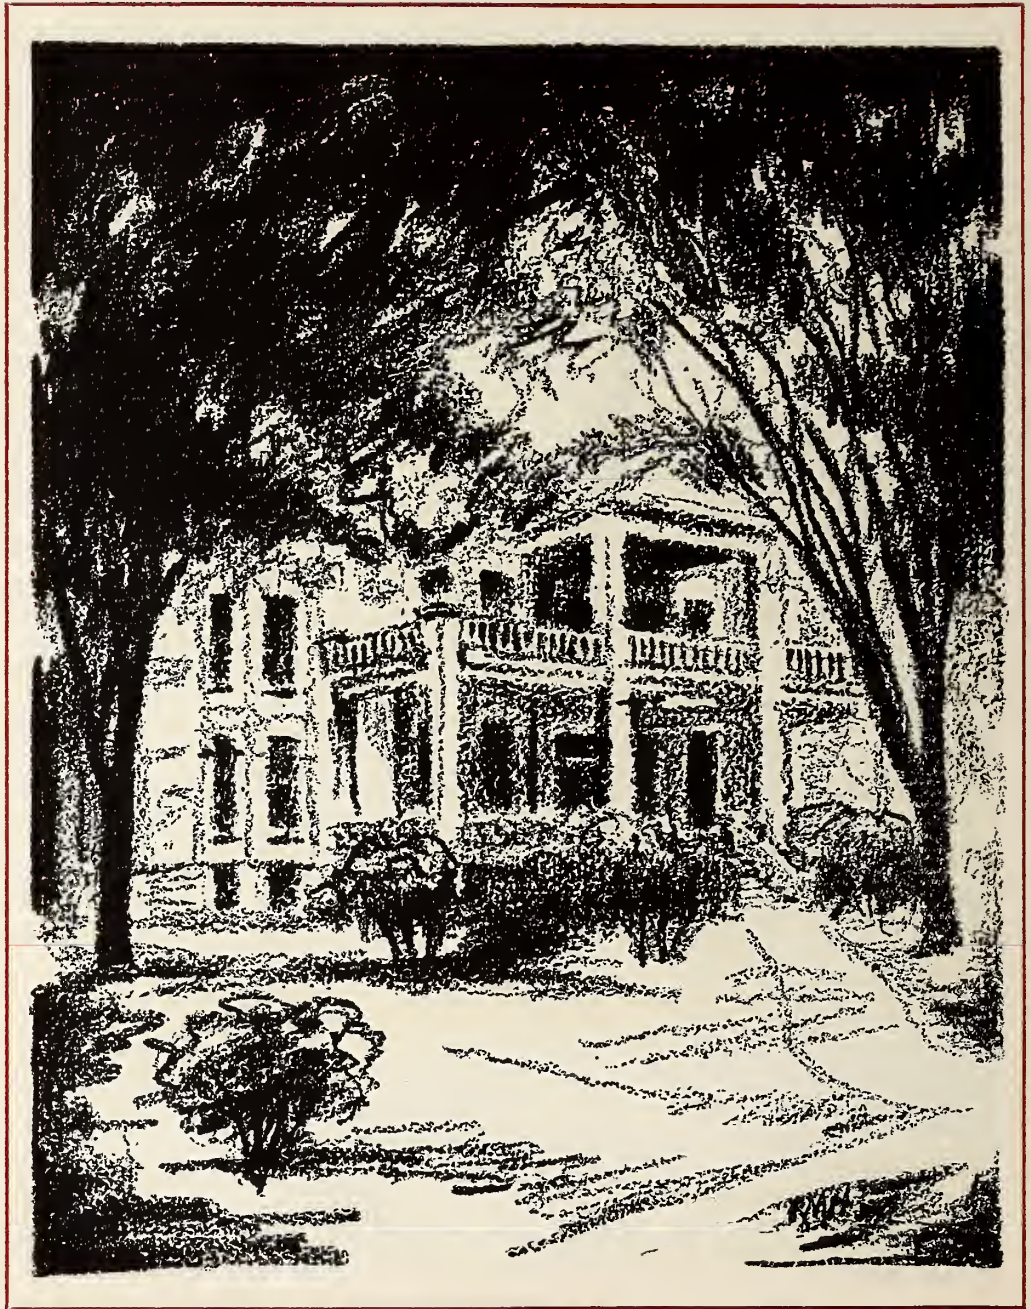

"Science and art belong to the whole world, and before them vanish the barriers of nationality."

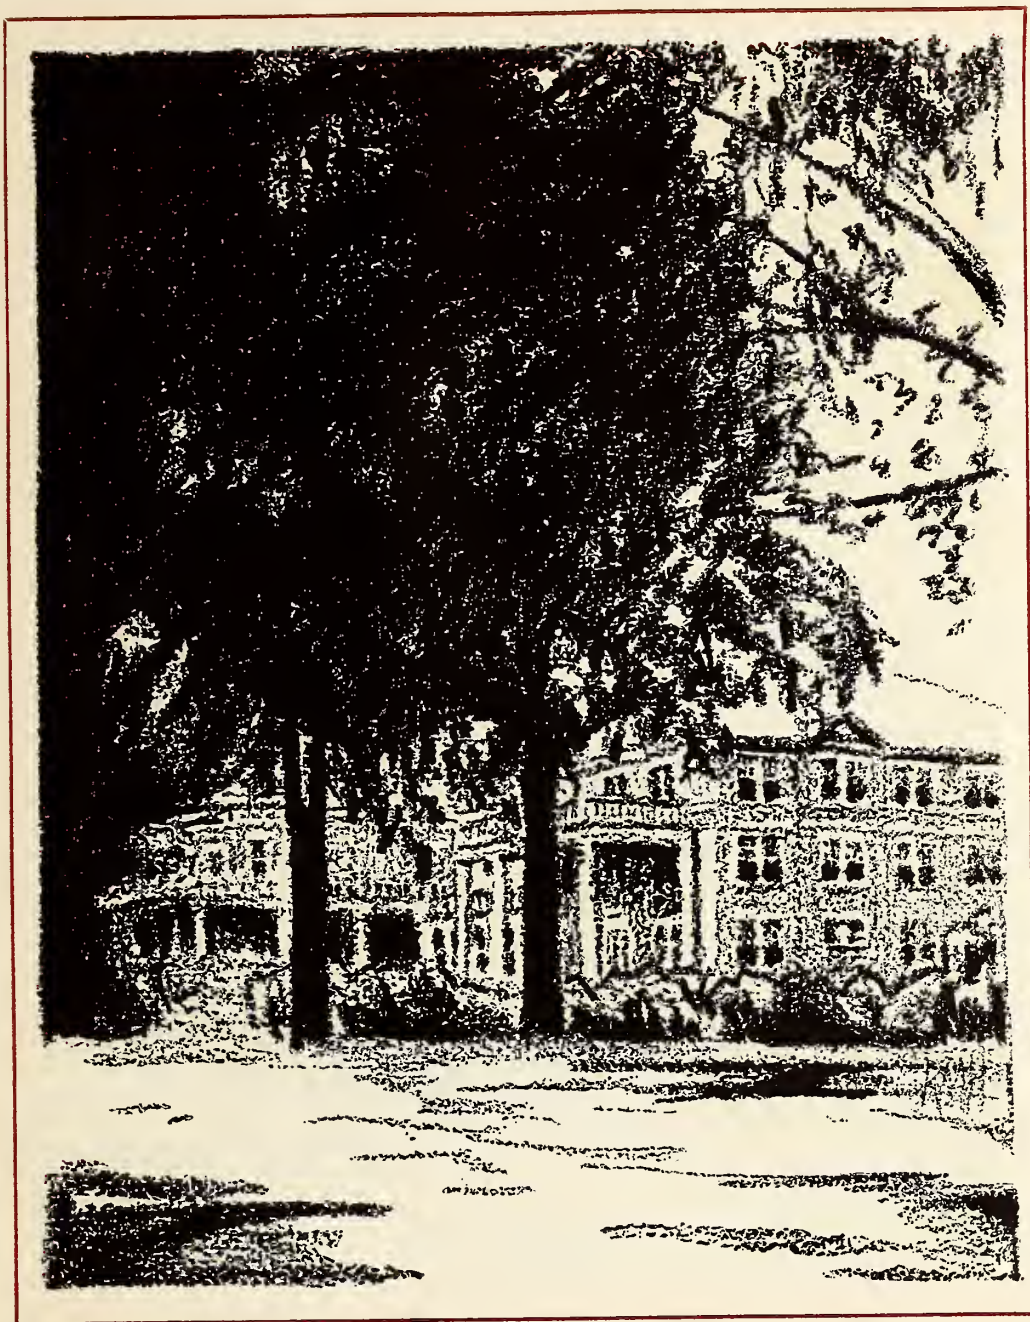

*"I come here to find myself.
It is so easy to get lost in the world."*

*"Then give the world the best you have
And the best will come back to you."*

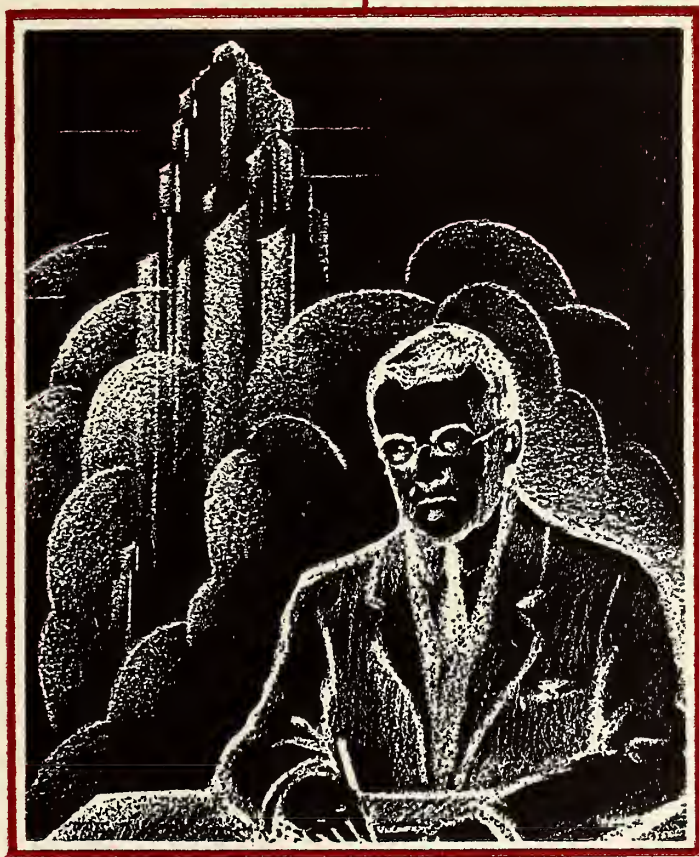

*"Her beauty makes
This vault a feasting presence full of light."*

*"Beauties in vain their pretty eyes may roll;
Charms strike the sight, but merit wins the soul."*

*"His home, the spot supremely blest,
A dearer, sweeter spot than all the rest."*

THE CLASS OF '31

Proudly and ambitiously the "class of '31" made its first appearance in old Nichol's Hall, in the fall of '27. College had started, studies and play both were confronted. Fighting determinedly, the "Red and Black" were pulled through the Du Page, and were conquered in the "Sack-Rush;" but on that memorable Homecoming day of '27, the class won her first college victory by overwhelmingly defeating the Sophomores in the "Push-Ball" contest. She proved her worth in sportsmanship on the athletic field; her intellectual side in debates and dramatics. Time passed fast, the bright path of college life was nearing the end of its first year. Many friends had been made, and in June the "Green Caps" were put away in a chest of memories.

In the fall of '28 she returned more assured. The thrills and thoughts of the year before were inscribed in each one's memory. The members of the "class of '31" were now Sophomores; new worlds were to be conquered. Again the class distinguished itself by winning the annual "Frosh-Soph" debate; placing men on Varsity teams and proving itself above the average in class teams. The class won a high place on the campus, her age increased, her idea of knowledge decreased, and soon she could proudly claim the "Sun Dial" as a part of her tradition.

Upperclassmen—Juniors! At first the new name startled those who claimed it. Among the exclusive upper-half, the "Red and Black" were now confronted with deeper problems, and with the thought of proving to be superior to the classes who were to follow in her footsteps. Good times, parties, picnics, and as a climax, the Junior-Senior Banquet. The "class of '31" was now represented in all branches of college life. Her successes increased and her representatives proved their worth to North Central by their dependability and enthusiasm.

The pleasant road of college life was soon to end. Honored guests at the Junior-Senior Banquet, the ordering of Invitations, and the measurement of Caps and Gowns, all came in order. The time for Graduation had arrived. Indeed, each member had broadened his knowledge, acquired new friends, and created new desires. The most eventful and happiest years are past; new opportunities are looming on the horizon; the class inspired by the years gone by, crosses the threshold and enters a new and interesting world.

ORGANIZATIONS

North Central is particularly fortunate in possessing a number of very fine organizations. Some are local while others are national. North Central has an Iota Chapter of Pi Kappa Delta and also a chapter of Pi Gamma Mu. Both are national and entrance is granted only in accordance with certain, stringent rules. The Pi Kappa Delta is a Forensic fraternity while Pi Gamma Mu is a fraternity of Social Science.

The Home Economics club is an organization for those majoring in this particular field. Regular meetings are held in order to consider modern and current tendencies in the development of the science of home making. Frequent parties, formal dinners, and informal get-togethers are held.

The Golden Triangle Players are a number of talented actors who have organized for the sake of self expression through production of modern and classical plays. About an average of three good productions are presented each school year.

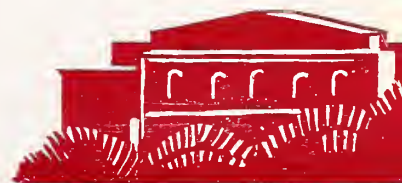

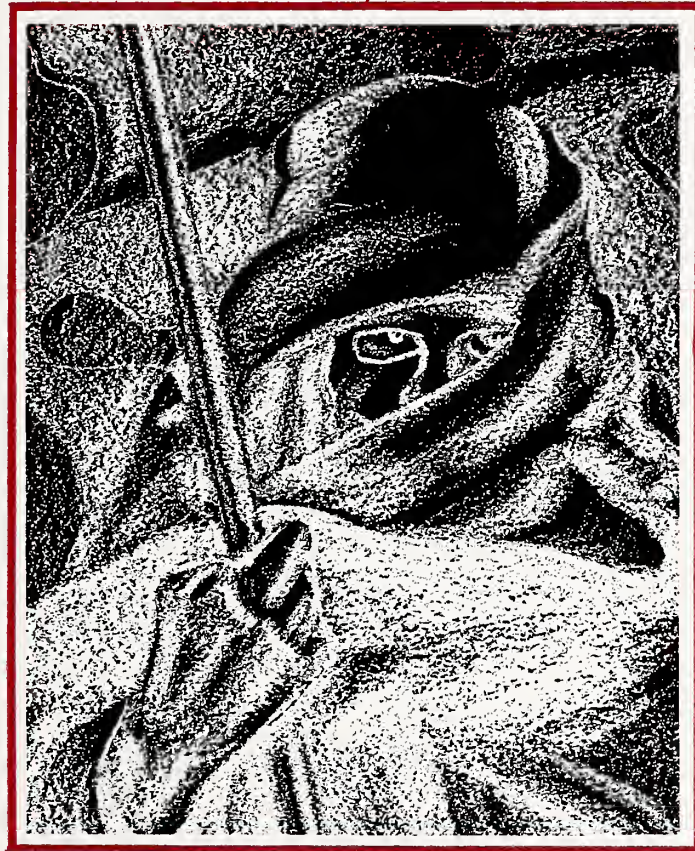

The Classical Club is an organization of students interested in classical languages—Greek and Latin. At the end of the school year a classical banquet is held at which all members must forget the modern day for a few moments and must relive the experiences of those they admire from classical literature. All costumes must harmonize with the occasion as well as table manners and conversation.

The History Club bears out the name which has been given to it. All students majoring in History are eligible for membership. Very interesting discussions and papers are presented from time to time.

The Seager Association and the Student Volunteers are organizations interested in the propagation of religious ideals. The former is an organization of prospective ministers while the latter is for those who are planning to become missionaries or who are particularly interested in missions.

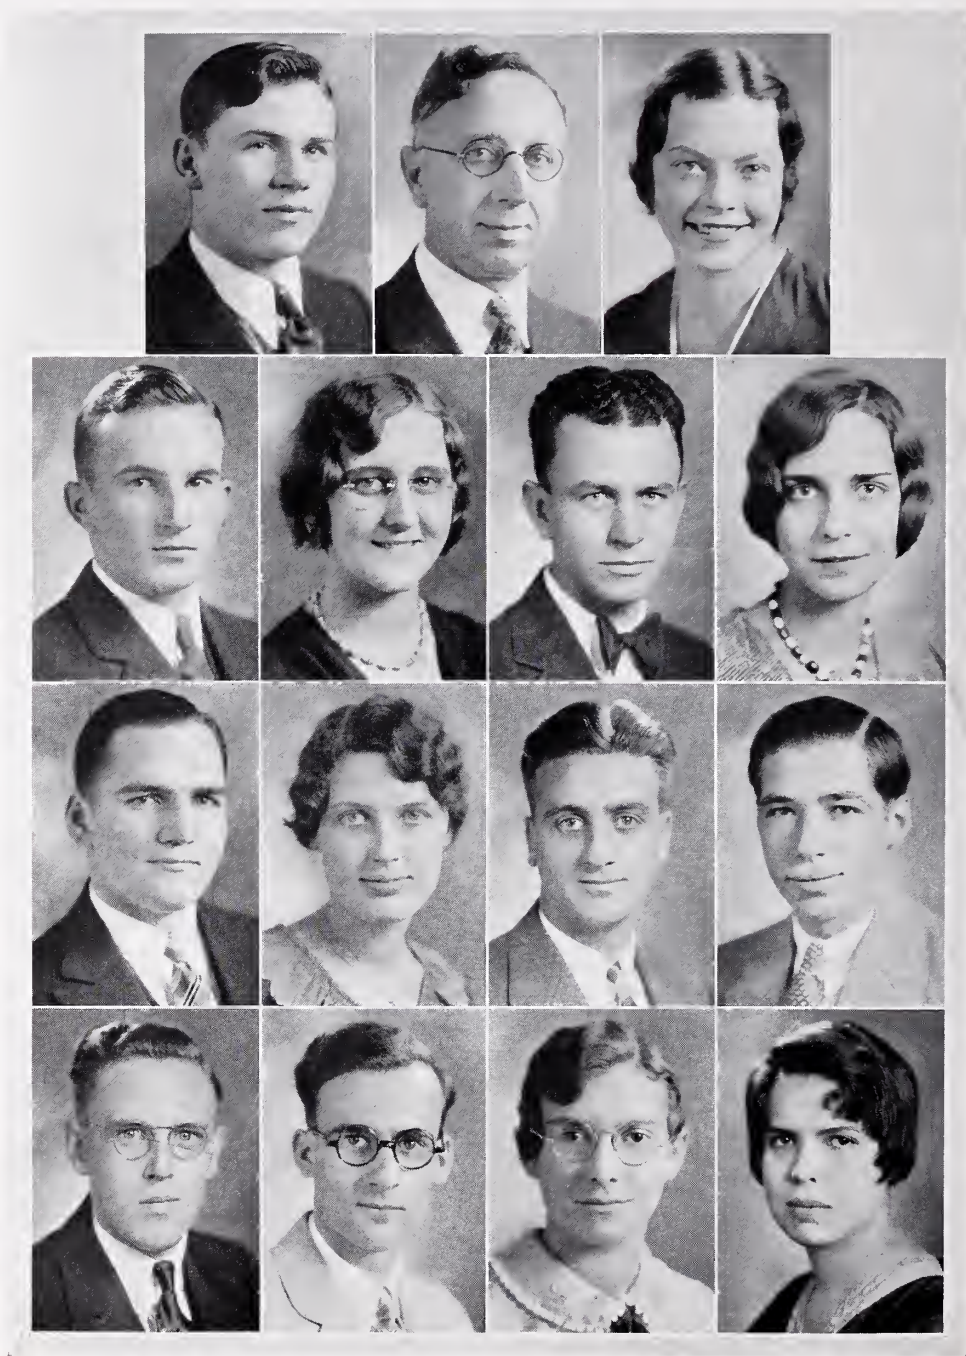

Debate is a major activity among those who are of an argumentative temperament. Teams representing North Central meet all classes of colleges and universities. One of the outstanding features of the past year was the debate between North Central and a traveling team from Germany. This feature was of unestimable value in that it gave the whole student body an opportunity to become acquainted with world-wide problems.

In general, North Central goes upon the theory that membership in the various organizations is extremely valuable. Those who are strong in one line may express themselves and in addition receive a certain amount of development. Organizations lead to a well developed and a well rounded education when they serve as a supplement to the regular curriculum.

ORGANIZATIONS

THE 1931 SPECTRUM

THE STUDENT COUNCIL

It is quite generally agreed upon that the purpose of a college education is to further prepare men and women for life. Although the academic training received is of primary importance, it is by no means everything. Athletics, social life, dramatics, chapel exercises—all have their values. Twelve years ago, the student generation of that day established that which further helps in the development of a good citizenry, viz., student self-government.

In the nation at large there is a great dearth of conscientious voters. By stressing student government and emphasizing the importance of exercising the franchise, it is possible to stimulate at least a certain degree of civic interest which should carry over into the future. Besides affording excellent training in the above mentioned way, this organization of the entire student body carries an important role in assisting the faculty in regulating campus life.

Thus we have the purpose of our student self-government as follows: (1) to provide means of expression for student opinion on subjects pertaining to the College, (2) to enable students themselves to regulate all matters not strictly academic and (3) to maintain a high standard of student body conduct.

The Student Council is composed of the student body president, two representatives from each of the college classes, one representative from each of the major student organizations and a faculty advisor. The Council has regular semi-monthly meetings at which necessary business is transacted and pertinent questions concerning campus activities or problems are duly considered.

The Council supervises the preparations for all-college functions such as Homecoming and College Day celebrations. All elections in the college are also conducted under the guidance of the Council.

WILLIAM DECKINGER, *President*

THE 1931 SPECTRUM

THE COLLEGE Y. W. C. A.

The Young Women's Christian Association is an organization which is composed of more than a hundred girls on the campus. Membership is open to every girl and all are invited to participate in whatever activity they may be interested. The work is guided by a cabinet composed of sixteen girls, each the head of a certain committee.

The Young Women's Christian Association is one of the oldest organizations on the campus. Its aim is the Christian development of young women. Every girl is given an opportunity for religious expression in the various religious meetings sponsored by the Association. The Sunday Vesper meetings provide much inspiration through the addresses of influential speakers in the realm of religious thought. On alternating Tuesday evenings, in the parlors of Kaufman Hall, Fellowship services are held which stimulate worship and an appreciation of the finer things in life.

The Association aids the freshmen girls in orienting themselves on the campus. Every freshman girl is assigned to an upper classman who advises her and aids her in her adjustment to campus life. She is introduced to college life at a freshman party which is given the first week of school. Several weeks later the college campus is introduced to her at the Term Social, at which the Freshman class is received and recognized as a part of the campus.

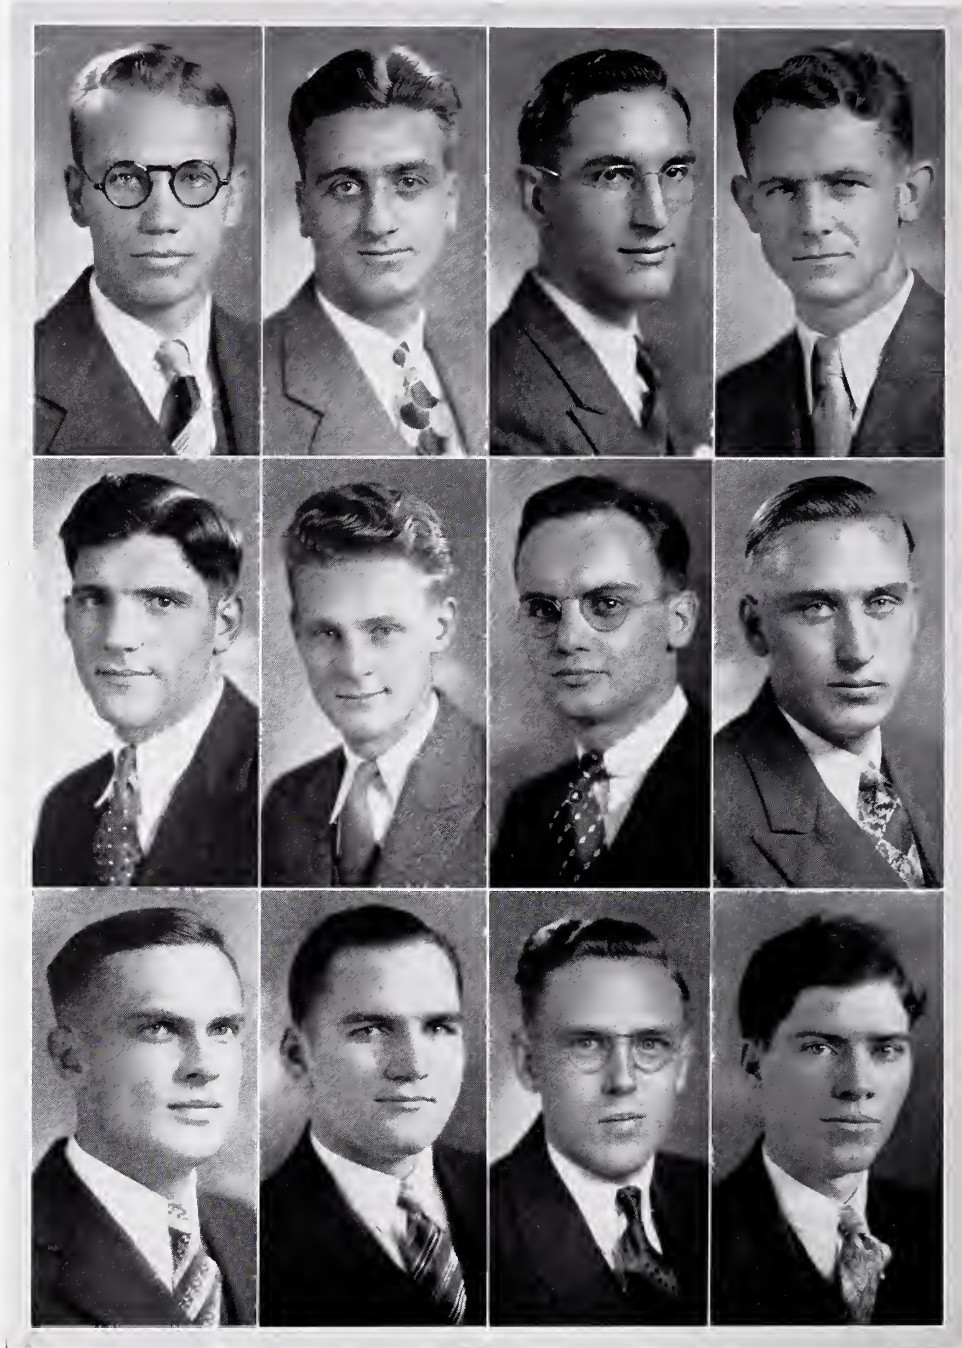

The Association of our campus is a member of the state organization and co-operates with that organization in various movements. One of the most interesting conferences brought to the campus was the Christian World Education Conference. This conference was in session on the campus for two days, during which time we heard many influential speakers, who were well acquainted with various phases of internationalism. They broadened our outlook concerning many international problems.

The new officers and cabinet are installed each spring. A retreat is held at which the problems and aims of the work are discussed and analyzed. With the guidance of the Student Secretaries and faculty advisors the program for the following year is drawn up by the cabinet and the aims of each phase of work clearly defined.

The development of a girl's special ability or talent is one of the main features of the association program. It strives to keep ever in mind the natural growth of a Christian.

KATHRYN VOELKER, *Vice-President*

THE 1931 SPECTRUM

THE COLLEGE Y. M. C. A.

The Young Men's Christian Association of North Central College was chartered in 1873. It is the second oldest organization in the State and occupies a position of leadership in all college "Y" activities throughout the state. Since its organization, the "Y" has always endeavored to sponsor programs by the students and for the students. In this way leadership has been discovered which has exerted an influence throughout all the student organizations of the college. Membership includes almost all the men of both the Seminary and the College.

Looking over its history we find that the Y. M. C. A. has occupied a place of indispensable leadership both in spiritual and social activities. An ever-changing demand has necessitated an everchanging program and the "Y" has always been in a position to meet these demands.

The motto around which the program was built this year was "To help every student find himself." With this aim in mind a crew of twelve men composing the Cabinet has guided the program. This program has demonstrated the validity of the organization.

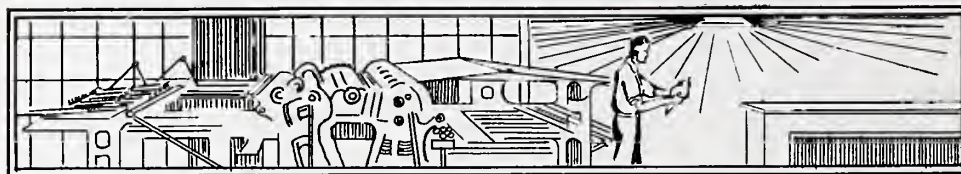

Foremost, of course, are the spiritual services which are rendered to the students. This part of the program is divided into various types of meetings and is under the direction of a joint committee chairman. Fellowship meetings are held whenever a need is felt for them. Campus night programs are planned with the informational and cultural element foremost. Vesper services have as their primary motive the religious and worshipful emphasis. In addition to these special meetings, the chapel services every other Monday come under this committee's supervision. Thus it can clearly be seen that each student may be satisfied spiritually no matter what his interests may be.

Of equal importance are some of the other services—reaching every man in a different way. The employment department secures work for a large number of men throughout the year. There are three rooms furnished and maintained by the "Y"—the Cabinet Room, the Reading Room, and the Albright Room.

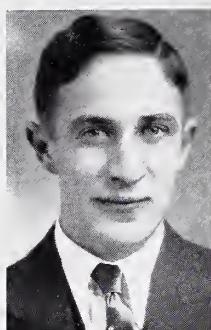

Special events are sponsored each year such as the Stag Social and the Seminary Reception.

The "Y" feels proud that it has been able to qualify in such a large field of service and appreciates the confidence which has been placed in it. The aim in the future will be to continue to grow with the students of North Central and continue to be of ever-increasing service.

THE ORCHESTRA

Last fall when the orchestra began its work there were only nine or ten persons who seemed at all interested. But there was a determination on the part of those few to build up a larger and better organization. With the help of Mr. Toenniges, their very capable director, there are now over thirty members which constitute twelve violins, two cellos, two clarinets, a flute, three saxophones, three cornets, a French horn, three trombones, a Sousaphone, and drums.

During the school year the orchestra has played on a number of different occasions—chapel programs, campus night programs, and plays. They also gave a program in May, the proceeds of which were invested in new instruments that were needed to complete the orchestra.

It is hoped that next fall there will be a much better and a stronger organization and that it will get an earlier start in the school year. There is no reason why this hope cannot be fulfilled with the nucleus made up of the present members.

HERBERT FRANK, *Secretary*

THE BAND

At the beginning of the year the Band began with a very incomplete organization but as the year proceeded it grew both in number and in co-operation on the part of the members. The first thing which Mr. Toenniges did was to re-organize the music library. He secured a number of popular marches in addition to what was already in the library. Some of these new compositions were "The Co-Ed March," "Drum March," and "Quality-Plus." After the band had practiced for a few weeks it began to work on overtures.

This organization was represented at all of the football and basketball games. It added a color to these contests that they would otherwise have missed. The music of the band always relieves tension during the interval between halves. The band also lead the homecoming parade and the torch-light parade.

The instrumentation of the band was well balanced this year except for the clarinets. At this section the burden of playing was carried by two or three able players. Several successful records were produced with great success during the latter part of the year.

EARL HEINHORST

MEN'S GLEE CLUB

The Men's Glee Club is one of the most popular organizations on the campus. Early in the school year the home squad of about thirty men is chosen through competitive tryouts. This club presents the annual home concert.

One of the great incentives to work is to make the traveling squad. This group of traveling artists is chosen from the membership of the home squad on the basis of musical ability, social ability, and character. Through the work of this club a countless host of friends have been made for North Central and many prospective students won to her halls of learning.

The 1930 summer tour covered the Eastern States and Eastern Canada. In addition to the concerts every evening, the club visited many interesting places, such as, New York, Brooklyn, Washington, D. C., and Mount Vernon, Va. The 1931 home squad, under the direction of Prof. H. Baer, will give a number of concerts in the immediate vicinity as well as broadcast over a prominent Chicago station. The 1931 squad is planning a tour to the Pacific coast.

EDWIN DANNER, *President*

GIRLS' GLEE CLUB

The Girls' Glee Club is larger this year than it has been for several years. The girls are chosen from competitive tryouts at the beginning of the year, and it is felt that the splendid quality of voices and the increased number has made possible more finished choral effects and a better tonal balance.

The greater part of the year is spent in preparing for the annual Spring Concert, although the Club is often called upon to furnish music for other occasions. In December a group from the Club gave a program of Christmas Music for the Faculty Dames; and a pageant, "The Shepherd's Christmas Eve" was presented by the entire group in Pfeiffer Memorial Hall just before the Christmas holidays. In January the Club sang a group of songs at the dedication of Merner Gymnasium and Field House. In March the Club co-operated with the Men's Glee Club in a musical Vesper Service.

Soloists for the Club were chosen this year by competitive try-outs, and a sextet for the concert was chosen in the same manner. In this way individual voices were heard and a splendid opportunity was given for an intelligent choice of a well-balanced squad for the Summer Season.

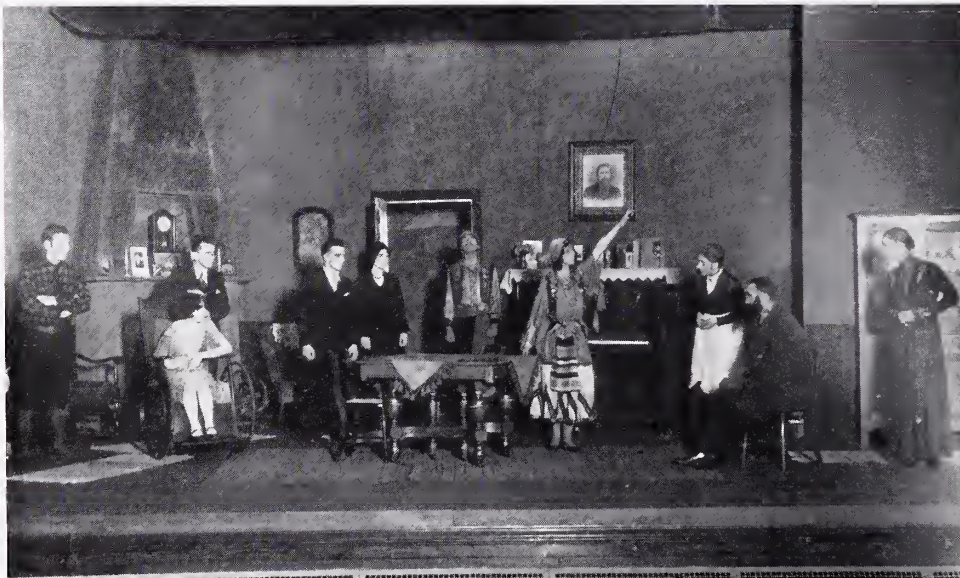

The remainder of the year after the Spring Concert is devoted to preparing the Traveling Squad for its Summer Tour. This summer, on the Eighteenth Annual Tour, the girls will appear in the Eastern States and Canada.

North Central is the school we love,
To her we sing this praise,
And from the East and from the West
You hear the voices raise.

CHORUS

Hail! Hail! North Central, Hail!
Our Alma Mater true,
We'll always, always loyal be,
To you, to you, to you.

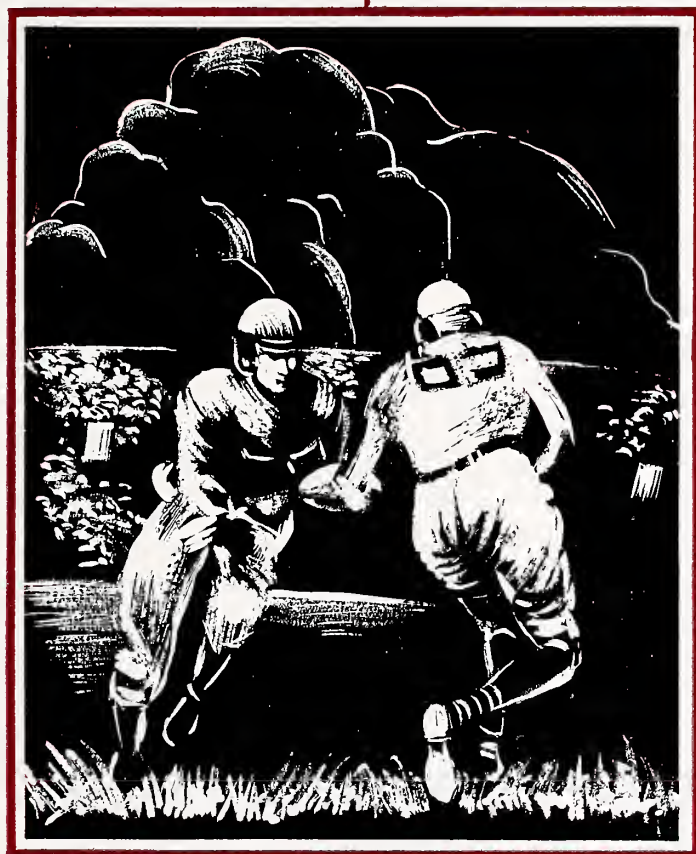

Your sons and daughters come from far,
To find a home with you,
To get the knowledge you impart,
And sing this song to you.

Thy lofty precepts do inspire,
To manhood true and strong,
And noble characters ascribe
Their praise to thee in song.

In days to come when we go forth,
We'll make thy honor known,
And oft look back to watch the course
Of our dear college home.

TRACK REVIEW

All who have had any part in the success of this year's edition of track and field athletics at North Central College have every reason to feel justly proud. I believe that the 1930 track team was one of the greatest that North Central College has ever had. It was undoubtedly one of the best balanced teams to represent any of the colleges in this section of the country.

We have space here for just a brief resume of the high points of the season. DeKalb Teachers and Elmhurst College were defeated by an overwhelming score, Beloit College and Lake Forest College were bested for the third successive year, Loyola University and Wheaton College were given a sound trouncing, and Carroll College of Wisconsin was for the second year given its first and only beating in dual competition.

THE 1931 SPECTRUM

In addition to this unblemished record in triangular and dual meet competition North Central placed second among the twenty odd schools entered in the Armour Tech Invitational Meet on Stagg Field, May 3, 1930. The first five schools in this meet were as follows: University of Chicago, North Central, Loyola University, Lake Forest, and Milwaukee Teachers. In the final competition of the year, the I. I. A. C. meet, five places were earned for a total of seven points. We were disappointed not to be able to bring home a trophy for one of the first four places, but it seems we need still a little more improvement in individual performance.

Captain Everett Shaffer completed his college competition by adding a third year of unbeaten effort in dual and triangular meets, 100 and 220 yard dash

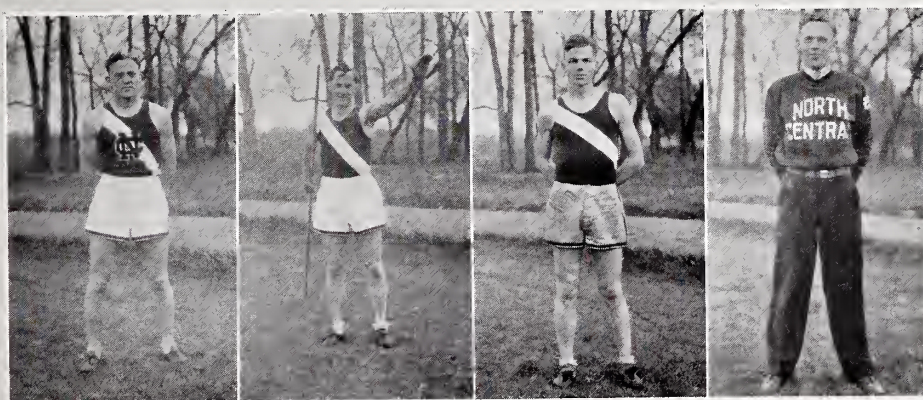

THE 1931 SPECTRUM

events. Lloyd Hinders was the high scorer of the year and established new North Central records in the 16-lb. shot put, discus throw, and pole vault. Victor Baumgartner was a consistent scorer in his best events, the 440 yard run and 220 yard low hurdles; he established a new North Central record in the former event.

Victor Baumgartner was the unanimous choice of this year's track and field letter men as next year's captain. I wish to congratulate him for his well deserved honor, and it is my wish that he shall have the opportunity of captaining a still greater team than the one which established such an enviable record in its competition for North Central College during the 1930 season.

GORDON FISHER, *Coach*

CROSS COUNTRY

W. A. A. ASSOCIATION

VOLLEYBALL

WOMEN'S ATHLETIC ASSOCIATION

Just as the sunshine drives the clouds away, so does some form of physical exercise relieve the weary mind of thoughts of studies. What is more refreshing than some recreational sport after a heavy class program when one can forget all thoughts of study and be a "kid" again!

The program of the Women's Athletic Association is widely diversified for the interest and pleasure of the girls. Its purpose is to foster an interest in athletic activities and accomplishments, to create a spirit of good sportsmanship and fellowship, and to co-operate with other campus organizations in promoting and maintaining the highest standards of college life.

As both team and individual activities are offered, all women have an opportunity to be actively engaged in the association. Membership is open to all girls who participate in some sport sponsored by the Association. With the opening of the new College Gym and Field House, many more opportunities are being offered whereby we may broaden our field of activities and thus give every girl the kind of sport she likes best. Upon initiation of a new member, she is presented with the W. A. A. class numeral. Further participation and living up to the requirements as set up in the W. A. A. Constitution are awarded by the presentation of the W. A. A. pin and College "N."

We do not aim to emphasize skill as much as sportsmanship and spirit. This includes putting one's best into everything one undertakes, remembering always the value of ideals such as: Fair dealing, the "give and take" principle; truthfulness and honesty with oneself as well as with others; loyalty and obedience to authority; playing the game according to the letter and spirit of the rules; co-operation; courtesy and thoughtfulness for others; self-restraint, self-control, self-discipline. This is a challenge to every girl.

The Women's Athletic Association welcomes all girls. Come, make our activities a part of your campus life.

EDNA KATES, *President*

COLUMBIA AVENUE

I've seen a thousand cities
And I've walked a thousand streets,
I've strutted down Fifth Avenue
And strolled along Boul Mich.,
I thought all streets were much the same
North Central taught me no;
There is one street most famous,
Columbia Avenue.

CHORUS

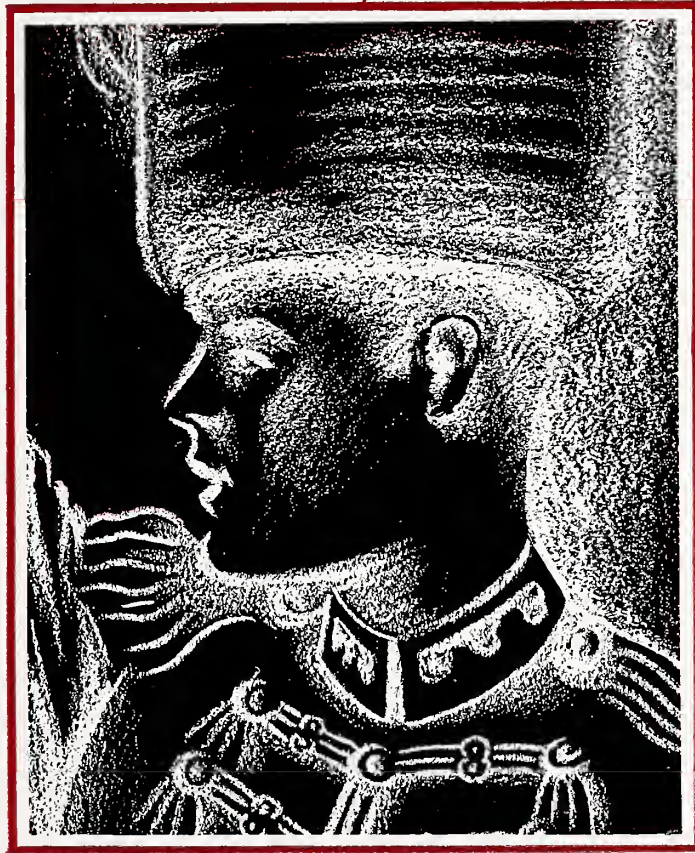

Take your girlie for a walk
On Columbia Avenue.
Though your case may seem quite hopeless
She will surely fall for you.
On a moonlight night in springtime
If you love her oh so true,
Take my tip boy watch your step
On Columbia Avenue.

I know a stude, he was a card,
As bashful as could be.
He loved a girl but "gosh" he said,
"She doesn't care for me."
I told him of this famous street
He followed my suggestion.
And now till they shall married be
Of time is but a question.

Just one word for the ladies
Who love a college boy.
If he is rather bashful
And scar'd and shy and coy.
Some night when he has dated you
Suggest a little walk.
He'll loosen up and ask you on
Columbia Avenue.

A FINANCIAL BREAKWATER

Cash in bank and good investments form a financial breakwater to protect you in bad times.

At the Oak Park Trust your savings are protected by our two millions of capital and reserves (in ratio to deposits one of the most strongly capitalized banks in Illinois). Your investments, if purchased from the Oak Park Trust, should afford you complete security. No one has ever lost a dollar on mortgage purchased from the Oak Park. Build your financial breakwater at the Oak Park Trust where our 39-year record assures you of fair dealing.

Enjoyable Living Rooms Bring Lasting Pleasure

Truly distinctive, enjoyable living rooms need not be expensive. Here is a Kroehler ensemble that is smartly designed, well made throughout and delightfully tailored in pleasing fabrics—yet moderate in cost.

An English lounge sofa, a wing chair in tapestry and a graceful occasional chair in leather—all new Kroehler pieces and the group may be had at your Kroehler dealer's for only \$190.

When you choose your new furnishings, be sure to see the Kroehler label on the sofa and chairs you select—it is your assurance of lasting satisfaction with your living room furniture—the guarantee of the world's largest maker.

From the days of the old Washington Hand Press to the present age of modern printing, there have always been problems in building publications, until today they are as varied as the colors in the spectrum. But through all the years the true artist has remained faithful to his ideals—a job well done.

To Victor Rhein and Norman Ude our congratulations and also our appreciation for the opportunity of assisting them in the building of this fine publication—the 1931 SPECTRUM.
